Screen Free  
Entertainment  
for Kids!

## Bizzy Bag by the Numbers

- Founded in Oct '20, brought to market March '21
- Over 10,000 sold during our launch phase
- Located in over 50 restaurants, wineries & breweries, car dealerships, escrow offices, etc & sold to hundreds of direct consumers worldwide
- The Bizzy Bag wholesales for \$5 and suggested menu/retail price is \$7-9

Our mission is for parents to enjoy their evening out! Leave the tablet and babysitter behind. Get to know your kiddos with our Table Talk while you wait for your food, let them explore the educational STEM based toys while you enjoy a warm meal, let them engage in independent play while you have an adult conversation or watch the big game. As parents, we were tired of spending money on a nice evening out, but having to rush the meal to either get back to a sitter, or to avoid a meltdown. Crayons and sugar packets weren't cutting it, and the guilt of the screen time sunk too deep – something had to be done! We started creating our own busy bags, and realized the availability of these activities right at the restaurant was the key – and The Bizzy Bag was born!
